VINYL CARPENTRY®

Soffit and Vertical Siding

CertainTeed
SAINT-GOBAIN

Triple 3-1/3" InvisiVent has the highest ventilation performance of any vinyl soffit available today.

TRIPLE 3-1/3"
INVISIVENT® AND SOLID S

Siding: Cedar Impressions Double 7" Perfection Shingles in buckskin.
Soffit: Triple 3-1/3" InvisiVent Soffit in colonial white.

PROPER VENTILATION IS VITAL

Protection against damage to the roofing materials and structure increase comfort inside the home and energy savings.

Triple 3-1/3" InvisiVent and Hidden Vent offers at least 50% more ventilation than most standard vinyl soffit, providing more than 10" of net-free intake area.

This means that not only will InvisiVent provide a balanced ventilation system, but will do so with an overhang as short as 10".

Soffit Vents (intake)

Ridge Vents (exhaust)

The Air Balance System

Experts agree that the most effective system is a balance of air intake and exhaust that creates a uniform flow of air through the attic.

This system creates a condition in which the roof temperature is equalized from top to bottom, supplying a uniform air flow along the entire underside of the roof deck.

Hidden vents provide a smooth, flat non-perforated surface versus most vented soffits with unsightly perforations.

Triple 3-1/3" InvisiVent

Standard vented soffit

TRIPLE 3-1/3" SOLID Perfect for Vertical Siding Applications, Too.

Solid Triple 3-1/3" vertical siding panels are the ideal solution for accent areas where a vented panel is not necessary. The flat face design creates a straighter panel with the look of smooth, painted wood. Deep dovetails between panel faces contribute extra rigidity, while forming a clear, sharp edge that is pleasing to the eye. Ideal as an accent or coordinating panel, Solid Triple 3-1/3" is available in the same color palette as Triple 3-1/3" InvisiVent.

CHAMFER BOARD™ DOUBLE 5"

The authentic look of beveled-edge wood plus the durability of vinyl siding.

IRONMAX™ DOUBLE 5"

Combines the attractive appeal of wood with the rigidity and durability of premium extra-thick vinyl.

BEADED TRIPLE 2"

The classic appearance of wainscoting offers the look of fine detailing and craftsmanship.

UNIVERSAL TRIPLE 4"

Beautifies the overhangs of any home and delivers outstanding performance, quality and durability.

Triple 3-1/3"

- ◆ InvisiVent® and solid styles.†
- ◆ The only vinyl soffit to provide more than 10 inches of net-free intake area.
- ◆ Concealed intake vents provide a smooth appearance.
- ◆ Matte finish looks like freshly painted wood.
- ◆ Deep 3/4" panel projection creates sharp definition.
- ◆ 13 low-gloss colors.
- ◆ Heavy-duty .044" thickness for rigidity.

Chamfer Board™ Double 5"

- ◆ Solid and fully vented soffit.†
- ◆ Extra thick .044" construction.
- ◆ Designed for vertical siding, porch ceiling and soffit application.
- ◆ 8 low-gloss colors.
- ◆ 6.4" of net-free air per sq. ft. - fully vented.

Ironmax® Double 5"

- ◆ Solid and fully vented styles.†
- ◆ Extra-thick .046" construction for optimum strength and flat face appearance.
- ◆ Designed for vertical siding, porch ceiling and soffit applications.
