Finally, a simple,
cost-effective
LEAF SHEDDING PRODUCT
that works without
replacing
existing gutters.

ENGLERT® **SUREGUARD** GUTTER SCREEN

Works with your existing gutter!

*Keep Your Gutters
Flowing Freely for Years to Come.*

SUREGUARD works anywhere.

SureGuard installs easily on existing gutters. Its weather resistant aluminum framework attaches to the top lip of the gutter and is pre-drilled for quick and easy fastening. No special tools are required. There's no nailing or screwing into your roof so it won't void your roof warranty. And SureGuard will provide you with peace of mind for years to come.

SUREGUARD gives you superior performance at a price you can afford.

Made from heavy gauge 027 aluminum, SureGuard's sturdy surface reinforces your existing gutter system allowing water to move through your gutters and out your downspouts away from your home.

This low profile screen has been ergonomically crafted and designed by Englert engineers to absorb large volumes of water while repelling leaves and debris – keeping your gutters flowing freely.

Order SUREGUARD now.

This versatile screen fits on both 5" and 6" K-style gutters and is available in three-foot lengths, conveniently packed in boxes of 50.

Let Englert's sturdy **SUREGUARD GUTTER SCREEN** keep your gutters clear of debris while providing you with peace of mind...
